Subject: Repair Available for Safety Recall 69P2 – Autoliv Igniters

On April 21, 2017 repairs can begin for vehicles affected by Safety Recall 69P2.

IMPORTANT!

- **Due to the VIN-specific nature of the parts needed to complete this recall, parts allocation will be limited to vehicles currently in dealer inventory.**
- **Dealers scheduling customer vehicle repairs must place their parts order by VIN and ensure that parts are on-hand when the vehicle arrives at the dealership for the scheduled repair appointment.**

Dealers must ensure that every affected inventory vehicle has this campaign completed before delivery to consumers.

IMPORTANT REMINDER ON VEHICLES AFFECTED BY SAFETY & COMPLIANCE RECALLS

New Vehicles in Dealer Inventory: It is a violation of Federal law for a dealer to deliver a new motor vehicle or any new or used item of motor vehicle equipment (including a tire) covered by this notification under a sale or lease until the defect or noncompliance is remedied. By law, dealers must correct, prior to delivery for sale or lease, any vehicle that fails to comply with an applicable Federal Motor Vehicle Safety Standard or that contains a defect relating to motor vehicle safety.

Pre-Owned Vehicles in Dealer Inventory: Dealers should not deliver any pre-owned vehicles in their inventory which are involved in a safety or compliance recall until the defect has been remedied.

If you have any questions or require additional assistance, please contact Warranty. As always, any press inquiries should be directed to Audi Public Relations.
