# IMPORTANT SAFETY RECALL

This Notice Applies to Your Suzuki Vehicle Identification Number (VIN)

JS1GN7EAX82XXXXXX

Feb 19, 2016

Dear Suzuki Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Suzuki Motor Corporation has decided that a defect which relates to motor vehicle safety exists in certain 2008 through 2012 Suzuki motorcycles and scooters. This includes the following models:

2008 GSX1300BK/GSX1300BKA	2008-2010 VLR1800 / VLR1800T
2008-2009 GSF1250S/GSF1250SA	2008-2012 AN400/AN400A
2008-2010 DL1000	2008-2012 GSX1300R
2008-2010 GSX650F	2009-2010 SFV650
2008-2010 GSX-R600	2009-2010 VZ1500
2008-2010 GSX-R750	2012 DL1000

### What is the defect?

The regulator/rectifier power module circuit board may have absorbed moisture during storage under high humidity conditions, reducing the strength of the adhesive used to affix the circuit board to the aluminum case. Due to insufficient adhesion, heat generated by the power module circuit board can cause the circuit board to deform and lift off the case. This condition causes excessive heat on the circuit board and uncontrolled electric current output, which can result in insufficient charging current being provided to the battery. This can cause discharge of the battery and can lead to engine stalling and/or a no-start condition, increasing the risk of a crash.

### *NOTE:*

*It is important that you have this safety recall repair made to your Suzuki motorcycle or scooter, even if the regulator/rectifier was replaced in the previous safety recall announced in March 2011.*

### What is Suzuki Motor of America, Inc., doing to correct the defect?

Your dealer will replace the regulator/rectifier on your Suzuki motorcycle or scooter. This procedure will take approximately one hour to complete. Parts are available now, and there will be no charge to you for any recall service-related parts or labor.

### What you should do:

Make sure you are prepared for the recall service by taking the following steps:

- **Before taking your motorcycle or scooter to your dealer, contact them as soon as possible to make an appointment for the recall service.**
- Be sure to provide your dealer with your motorcycle's VIN so they can order the necessary parts for the repair.
