***** IMPORTANT SAFETY RECALL ***
(PROGRAMA DE SEGURIDAD IMPORTANTE)**

**Safety Recall Notice 16S01 / NHTSA Recall 16V-046
Aviso de Revisión de Seguridad 16S01**

2016 E-450 Econoline
Your Vehicle Identification Number (VIN):

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Ford Motor Company has decided that a defect which relates to motor vehicle safety exists in your vehicle, which was built on a chassis supplied by Ford, with the VIN shown above.

We apologize for this situation and want to assure you that, with your assistance, we will correct this condition. Our commitment, together with your dealer, is to provide you with the highest level of service and support.

What is the issue? Under certain conditions, your vehicle may suddenly lose trailer braking function during a stop, which could result in extended braking distance, increasing the risk of crash. There is no warning to the driver that vehicle braking is not actuating the trailer brakes. However, the trailer brakes will apply when manually actuating the control lever on the integrated trailer brake controller.

Note: Vehicles that were previously repaired under Trailer Brake Controller Safety Recall 15S32 will still require this Safety Recall.

What will Ford and your dealer do? Ford Motor Company has authorized your dealer to reprogram the PCM free of charge (parts and labor).

How long will it take? The time needed for this repair is less than one-half day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time.

What should you do? Please call your dealer without delay and request a service date for Recall 16S01. Provide the dealer with your VIN, which is printed near your name at the beginning of this letter.

**What should you do?
(continued)**

If you do not already have a servicing dealer, you can access www.Fordowner.com for dealer addresses, maps, and driving instructions.

Ford Motor Company wants you to have this safety recall completed on your vehicle. The vehicle owner is responsible for making arrangements to have the work completed.

Please note: Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

What if you no longer own this vehicle?

If you no longer own this vehicle, and have an address for the current owner, please forward this letter to the new owner.

You received this notice because government regulations require that notification be sent to the last known owner of record. Our records are based primarily on state registration and title data, which indicate that you are the current owner.

Can we assist you further?

If you have difficulties getting your vehicle repaired promptly and without charge, please contact your dealership's Service Manager for assistance.
