IMPORTANT SAFETY RECALL

August 2015

This notice applies to your vehicle, **VIN:** _____

Dear General Motors Customer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

General Motors has decided that a defect, which relates to motor vehicle safety, exists in certain 2015 model year Chevrolet Colorado and GMC Canyon vehicles. As a result, GM is conducting a safety recall. We apologize for this inconvenience. However, we are concerned about your safety and continued satisfaction with our products.

IMPORTANT

- Your vehicle is involved in GM recall 15595.
- Schedule an appointment with your GM dealer.
- This service will be performed for you at **no charge**.

Why is your vehicle being recalled?

General Motors has decided that a defect which relates to motor vehicle safety exists in certain 2015 Chevrolet Colorado and GMC Canyon vehicles. These vehicles may experience loss of power steering assist at startup, or while driving, due to a poor electrical connection within the torque-sensor harness connector. If power steering assist is lost or reduced, steering control can still be maintained, but would require an increased steering effort, particularly at lower speeds, which presents a greater risk of a crash.

What will we do?

Your GM dealer will replace the steering gear torque sensor cover assembly. This service will be performed for you at **no charge**. Because of service scheduling requirements, it is likely that your dealer will need your vehicle longer than the actual service correction time of approximately 2 hours and 45 minutes.

What should you do?

You should contact your GM dealer to arrange a service appointment as soon as possible.

Do you have questions?

If you have questions or concerns that your dealer is unable to resolve, please contact the appropriate Customer Assistance Center at the number listed below.
