- Schedule an appointment with your Saab Official Service Center (OSC).
- This service will be performed for you at **no charge**.

### Why is your vehicle being recalled?

In some vehicles, the driver airbag inflator may experience an alteration over time, which could lead to overaggressive combustion in the event of an air bag deployment. This condition could create excessive internal pressure when the air bag is deployed, which could result in the body of the inflator rupturing upon deployment. In the event of an inflator rupture, metal fragments could pass through the air bag cushion material, which may result in injury or death to vehicle occupants.

### What will we do?

Your Saab Official Service Center will replace the driver airbag module on vehicles subject to this recall. This service will be performed for you at **no charge**. Because of service scheduling requirements, it is likely that your Saab Official Service Center will
