**Subject: Safety Recall 69M9 – Takata SDI Driver Frontal Airbag Inflator
Certain 2007-2014 Model Year Volkswagen Vehicles equipped with a Takata SDI
Driver Frontal Airbag**

Dear Volkswagen Owner,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Volkswagen has decided that a defect, which relates to motor vehicle safety, exists in certain 2007-2014 model year Volkswagen vehicles equipped with a Takata SDI driver frontal airbag. Our records show that you are the owner of a vehicle affected by this action.

What is the issue?

Takata has reported that the driver frontal airbag inflator could potentially rupture (due to propellant degradation occurring after long-term exposure to absolute high humidity and temperature cycling) if the vehicle is involved in a crash where the frontal airbags are designed to deploy. In the event of an inflator rupture, metal fragments could pass through the airbag cushion material, which may result in serious injury or death to vehicle occupants.

What will we do?

To address this defect, your authorized Volkswagen dealer will perform an interim repair to replace the driver frontal airbag inflator with a newly manufactured version.

The National Highway Traffic Safety Administration (NHTSA) has concluded, based on information it has collected, that the age of the inflator, temperature cycling, and environmental moisture are likely the root cause of rupturing. Therefore, replacing the older inflator with a newer version reduces the safety risk associated with the vehicle until a final remedy is available.

This work will take about an hour to complete and will be performed for you free of charge.

All vehicles repaired with this interim remedy will be offered a free-of-charge final remedy at a future date. We will notify you again via first-class mail when the final remedy is available.

IMPORTANT SAFETY RECALL

PRECAUTIONS YOU SHOULD TAKE

- ***Do not delay in having this recall repair performed.*** Make an appointment with your authorized dealer to have the recalled Takata airbag inflator in your vehicle replaced as soon as possible. If a vehicle with a recalled Takata airbag inflator is involved in a crash with airbag deployment, the inflator could rupture and send shrapnel toward everyone in the vehicle. People have been killed and seriously injured by this defect.
- **If you are not the only driver of this vehicle, please advise all other drivers and passengers of this important information.**

What should you do? Please contact your authorized Volkswagen dealer without delay to schedule this recall repair. For your convenience, you can also visit www.vw.com and click on the "Owners" link to locate a dealer near you and schedule this service online.

Lease vehicles and address changes If you are the lessor and registered owner of the vehicle identified in this action, the law requires you to forward this letter immediately via first-class mail to the lessee within ten (10) days of receipt. If you have changed your address or sold the vehicle, please fill out the enclosed prepaid Owner Reply card and mail it to us so we can update our records.

Can we assist you further? If your authorized Volkswagen dealer fails or is unable to complete this work free of charge within a reasonable time, or if you should have any questions about this communication, please reach out to us using your preferred method of communication at www.vw.com/contact or by calling 1 800-893-5298. Our phone team is available Monday through Friday from 8AM to 10PM EST and Saturday from 9AM to 5PM EST.

Checking your vehicle for open Recalls and Service Campaigns To check your vehicle's eligibility for repair under this or any other recall/service campaign, please click on the **Look Up Recalls** link at www.vw.com and enter your Vehicle Identification Number (VIN) into the **Recall/Service Campaign Lookup** tool.

If you still cannot obtain satisfaction, you may file a complaint with: The Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590; or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

We apologize for any inconvenience this matter may cause; however we are taking this action to help ensure your safety and continued satisfaction with your vehicle.

Sincerely,

Volkswagen Customer Protection
