Dear Mercedes-Benz Owner:

This notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Mercedes-Benz USA has decided that a defect, which relates to motor vehicle safety, exists in certain Model Year 2010-2011 E-Class Coupe, and MY2011 E-Class Cabriolet vehicles. Our records indicate that your vehicle is included in the affected population of vehicles. In early 2016, we sent you an interim letter notifying you of this recall, and advising that a second letter would be mailed once parts were available. **You may have also received a correction letter, but this is your FINAL letter.**

Remedy parts are now available for your vehicle.

What is the CONCERN?

Your driver-side and front passenger-side airbags are affected by this recall based on the defect decision of TK Holdings, Inc. ("Takata"). Under certain circumstances during a crash that necessitates frontal airbag deployment, the defect in your driver-side and passenger-side frontal airbag inflators may cause the airbag to **explode** during airbag deployment and **could result in sharp metal fragments striking the driver or other occupants, possibly causing serious injury or death.**

What will your DEALER DO?

An authorized Mercedes-Benz dealer will replace the driver-side and passenger-side airbag modules. The steering wheel will not be replaced. **This service will be provided free of charge.** While the minimum repair time is approximately **2 hours**, your dealer can provide you with a better estimate of the overall time for this service visit. As a matter of normal service process, an authorized Mercedes-Benz dealer will also check for other repair measures which might be applicable to your vehicle and this may increase the required working time. You will not be charged for other service or repairs unless so requested.

What should YOU DO?

To find the most convenient authorized Mercedes-Benz dealer from your smartphone, scan the QR code to the left.

Schedule an appointment immediately at your preferred authorized Mercedes-Benz Dealer. See www.mbusa.com/recall for the Dealer Locator. **Please mention you are scheduling an appointment to replace the Takata driver-side and passenger-side airbag modules under Recall Campaign #2019090009.** Many of our dealers offer free Mobile Service to repair vehicles included in the Takata airbag recall and will repair your vehicle at your home or workplace. You may be asked for your 17-digit Vehicle Identification Number (VIN), which for your convenience is located above your name at the top of this letter.
