# IMPORTANT SAFETY RECALL

April 2016

This notice applies to your vehicle, **VIN:** \_\_\_\_\_

Dear General Motors Customer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

The Pontiac Vibe was manufactured by New United Motor Manufacturing, Inc. (NUMMI), a joint venture between Toyota and General Motors.

Toyota has decided that a defect, which relates to motor vehicle safety, exists in all 2008 model year Pontiac Vibe vehicles. As a result, GM is conducting a safety recall. We apologize for this inconvenience. However, we are concerned about your safety and continued satisfaction with our products.

## IMPORTANT

- Your vehicle is involved in GM safety recall 15815.
- **Parts to repair your vehicle are not currently available.** When parts are available, we will send you another letter asking you to contact your GM dealer to arrange a service appointment.
- This service will be performed for you at **no charge**.

### Why is your vehicle being recalled?

The subject vehicles are equipped with front passenger air bag inflators which may have been manufactured in such a way as to have a potential for the intrusion of moisture over time. Depending on the circumstances, this potential condition could create excessive internal pressure when the air bag is deployed, which could result in the body of the inflator rupturing upon deployment. In the event of an inflator rupture, metal fragments could pass through the air bag cushion material, which may result in injury or death to vehicle occupants.

### What will we do?

**Parts to repair your vehicle are not currently available**, but when parts are available, your GM dealer will replace your vehicle's front passenger airbag inflator. This service will be performed for you at **no charge**.

We are working as quickly as possible to correct this condition. When parts are available, we will send you another letter asking you to take your vehicle to your GM dealer to have your vehicle serviced. You can also check the status of this recall at [www.my.gm.com/recalls](http://www.my.gm.com/recalls).

**Until the repair is performed, the front passenger seat should NOT be occupied.**

**Do you have questions?**
