Subject: Bendix Rear Brake Calipers

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Daimler Trucks North America LLC, on behalf of its Freightliner Trucks Division, has decided that a defect which relates to motor vehicle safety exists on specific Freightliner 108SD, 114SD, Business Class M2, and Columbia vehicles manufactured January 6, 2010, through February 29, 2016, equipped with Bendix rear brake calipers.

On certain vehicles, the rear disc brake calipers may contact the spring suspension due to incorrect caliper orientation. This may result in uneven wear of the brake pads, extended stopping distance, and reduced brake effectiveness, which could lead to a vehicle crash.

The rear brake calipers will be inspected for incorrect orientation, and repaired if required.

Please contact an authorized Daimler Trucks North America dealer to arrange to have the recall performed and to ensure that parts are available at the dealership. To locate an authorized dealer, search online at www.Daimler-TrucksNorthAmerica.com. The Recall will take approximately two hours and will be performed at no charge to you.

You may be liable for any progressive damage that results from your failure to complete the Recall within a reasonable time after receiving notification.

If you do not own the vehicle that corresponds to the identification number(s) which appears on the Recall Notification, please return the notification in the postage-paid envelope with any information you can furnish that will assist us in locating the present owner. If you have leased this vehicle, Federal law requires that you forward this notice to the lessee within ten days. If you are a subsequent stage manufacturer, Federal law requires that you forward this notice to your distributors and retail outlets within five working days. If you have paid to have this recall condition corrected prior to this notice, you may be eligible to receive reimbursement. Please see the reverse side of this notice for details.
