IMPORTANT SAFETY RECALL

(NHTSA Recall Number: 16V-210)

This notice applies to your vehicle: **(Insert VIN)**

May 20, 2016

Dear Kia K900 Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Kia Motors has decided that a defect which relates to motor vehicle safety exists in certain 2015-2016 model year K900 Luxury V8 vehicles with LED Headlights. Our records indicate that you own or lease one of the potentially affected vehicles.

What Is The Problem?

Use of the headlights in AUTO mode over time may result in increased electrical resistance of the contact points in the multi-function switch. If this occurs, the headlights may flicker or result in brief moments of loss of illumination and/or intermittently turn off while driving, increasing the risk of a crash.

What Will Kia Do?

Kia has advised its authorized Kia dealers to replace the multi-function switch with a new improved one. The work will be performed at Kia's expense at no cost to you. The estimated time which will be required to repair your vehicle is approximately one hour.

What Should You Do?
