IMPORTANT SAFETY RECALL

This notice applies to your vehicle, VIN # 1HD1 

June 3, 2016

Harley-Davidson Recall No. 0168

NHTSA Recall No. 16V283

Dear Harley-Davidson Motorcycle Owner:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Harley-Davidson Motor Company, Inc. has decided that a defect which relates to motor vehicle safety exists in the ignition switch of certain 2014.5 - 2016 Harley-Davidson Low Rider model motorcycles (FXDL). We are notifying you because our records indicate that you may own one of the affected motorcycles.

What is the Issue?

Your motorcycle's ignition switch may become damaged internally due to engine-induced vibration. If this condition remains undetected, it could cause the engine to unexpectedly shut off while the motorcycle is being ridden, increasing the risk of a crash.

What Should You Do?

Please contact your authorized Harley-Davidson motorcycle dealer immediately to confirm recall kit availability and arrange an appointment to have your motorcycle repaired. Your dealer will confirm that your motorcycle is covered by this recall. If covered, the dealer will perform the recall repair work using the recall kit provided by Harley-Davidson at no cost to you. The repair will take approximately one hour to perform. However, due to scheduling, the dealer may require your motorcycle for a longer period of time. To verify that the service has been completed, your dealer will ask you to sign a recall claim. This procedure will result in a new fork lock and ignition switch with a new set of keys. When you take your motorcycle in for the repair, please provide your owner's manual so the dealer can note the new key number in your manual.

If you have sold your motorcycle and have an address for the current owner, it is important that you forward this notice to the new owner. Alternatively, you may contact us at the Harley-Davidson phone numbers listed below and provide us the contact information for your purchaser so that we may notify the new owner of this recall. Also, Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

What If You Have Additional Questions or Concerns?

If you take your motorcycle to your dealer on a mutually agreed upon date and they are unable to perform the required service to your satisfaction, please contact Harley-Davidson Motor Company, Inc. for immediate assistance at 1-800-258-2464 in the U.S. or 1-414-343-4056 world-wide.

If you are still having difficulty getting your vehicle repaired in a reasonable time, you may write the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE, Washington, DC 20590; or call the toll-free Auto Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

We regret any inconvenience this may cause you, but we are initiating this action in the interest of your personal safety and satisfaction with our products. Thank you for your cooperation.

Sincerely,

Harley-Davidson Motor Company, Inc.
