## IMPORTANT SAFETY RECALL See enclosed VIN list

### Subject: ZF IFS Front Axle Steering Gears

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Daimler Trucks North America LLC (DTNA), behalf of its wholly owned subsidiary, Freightliner Custom Chassis Corporation, has decided that a defect which relates to motor vehicle safety exists on specific Freightliner Custom Chassis motorhome chassis manufactured May 1, 2014, through June 16, 2015, with certain ZF North America independent front steering (IFS) axles.

On certain steering gears mounted on the front axle on the affected vehicles, an incorrect spacer may have been installed. This may potentially result in wear over time leading to a loss of the mechanical connection between the steering wheel and front axle wheels. If this happens, there could be a loss of steering control, increasing the risk of a vehicle crash.

**DTNA and Freightliner Custom Chassis urge that you DO NOT DRIVE YOUR VEHICLE until a replacement steering gear is available.** Your vehicle should only be driven cautiously to a DTNA/Freightliner/Western Star dealership for repair. Replacement gears are being shipped now and are expected to be available in the next two weeks.

Steering gears will be replaced. **Please make arrangements to have this Recall performed at the earliest opportunity beginning June 9, 2016.**

**Advance arrangements are needed. Please contact an authorized Daimler Trucks North America dealer to order a replacement steering gear for your vehicle so it is available when you arrive.** To locate an authorized dealer, search online at [www.Daimler-TrucksNorthAmerica.com](http://www.Daimler-TrucksNorthAmerica.com) / Contact Us / Find a Dealer. The Recall will take just over two hours and will be performed at no charge to you.

You may be liable for any progressive damage that results from your failure to complete the Recall within a reasonable time after receiving notification.

If you do not own the vehicle that corresponds to the identification number(s) which appears on the Recall Notification, please return the notification to the Warranty Campaigns Department with any information you can furnish that will assist us in locating the present owner. If you have leased this vehicle, Federal law requires that you forward this notice to the lessee within 10 days. If you are a subsequent stage manufacturer, Federal law requires that you forward this notice to your distributors and retail outlets within five working days. If you have paid to have this recall condition corrected prior to this notice, you may be eligible to receive reimbursement. Please see the reverse side of this notice for details.
