What is the issue? On certain vehicles, the glass panel of the sunroof may not have been properly bonded to the sunroof frame. This could allow the glass panel to separate from the vehicle while driving, creating a road hazard which could increase the risk of a crash causing injury and/or damage to property.

What will we do? To help correct this defect, your authorized Audi dealer will apply additional adhesive between the sunroof frame and glass panel. This work will take four hours to complete and will be performed for you free of charge.

What should you do? Please contact your authorized Audi dealer without delay to schedule this recall repair. For your convenience, you can also visit www.audiusa.com and click on the "Find a Dealer" link to locate a dealer near you and schedule this service.
