

IMPORTANT SAFETY RECALL

September 2016

This notice applies to your 2016 Cadillac CT6. The applicable Vehicle Identification Number (VIN #) can be found printed on the address label of the envelope.

Dear General Motors Customer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

General Motors has decided that a defect which relates to motor vehicle safety exists in certain 2016 model year Cadillac CT6 vehicles. As a result, GM is conducting a safety recall. We apologize for this inconvenience. However, we are concerned about your safety and continued satisfaction with our products.

IMPORTANT

- Your vehicle is involved in GM recall 16035.
- Schedule an appointment with your Cadillac dealer.
- This service will be performed for you at **no charge**.

Why is your vehicle being recalled?

The bolt that secures the front passenger seat belt webbing to the seat's anchor plate may be missing in your vehicle. If the bolt is missing, the seat belt webbing could detach from the seat anchor. If the seat belt webbing detaches from the seat anchor, the seat belt may not effectively restrain a belted passenger in a crash, which could increase the risk of injury.

What will we do?

Your Cadillac dealer will install the front passenger seat belt bolt if it is missing. If the bolt is already present, it will be replaced to ensure it is installed to the proper torque. Your vehicle will also receive a new cover trim piece. This service will be performed for you at **no charge**. Because of service scheduling requirements, it is likely that your dealer will need your vehicle longer than the actual service correction time of approximately 35 minutes.

What should you do?

Passengers are advised not to use the front passenger seat until your vehicle has been inspected. You should contact your Cadillac dealer to arrange a service appointment as soon as possible.

Do you have questions?

If you have questions or concerns that your dealer is unable to resolve, please contact the Cadillac Customer Assistance Center at 1.866.982.2339 (TTY 1.800.833.2622).

If after contacting your dealer and the Customer Assistance Center, you are still not satisfied we have done our best to remedy this condition without charge and within a reasonable time, you may wish to write the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590, or call the toll-free Vehicle Safety Hotline at 1.888.327.4236 (TTY 1.800.424.9153), or go to <http://www.safercar.gov>. The National Highway Traffic Safety Administration Campaign ID Number for this recall is 16V687.

Federal regulation requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

A handwritten signature in black ink that reads "Jeffrey M. Boyer". The signature is written in a cursive style with a large, stylized initial "J" and "B".
