NHTSA RECALL 16V-724

Dear Nissan Versa Sedan owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Nissan has decided that certain Model Year 2017 Versa Sedan vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 226 "Ejection Mitigation" and No. 214 "Side Impact Protection." Our records indicate that you own or lease a Nissan vehicle identified by the vehicle identification number ("VIN") inside this notice.

Reason for Recall

Certain Model Year 2017 Nissan Versa Sedans may have been equipped with side curtain air bags that were manufactured out of specification and may not fully and properly inflate in a crash. This may increase the risk of injury in a crash where side curtain air bag deployment is warranted.

What Nissan Will Do

Owners of all potentially affected vehicles are asked take their vehicle to a Nissan dealer for a remedy. The dealer will replace the left and right side curtain air bag assemblies. This service, free for parts and labor, should take about two (2) hours to complete, but your Nissan dealer may require your vehicle for a longer period of time based upon their work schedule.

What You Should Do

Qué Debes Hacer

Contact any Nissan dealer at your earliest convenience in order to arrange an appointment to have your vehicle repaired. Please bring this notice with you to your service appointment.
