***** IMPORTANT SAFETY RECALL ***
(PROGRAMA DE SEGURIDAD IMPORTANTE)**

**Compliance Recall Notice 16C14 / NHTSA Recall 16V-733
Aviso de Revisión de Cumplimiento 16C14**

2016 Edge
Your Vehicle Identification Number (VIN):

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Ford Motor Company has decided that your vehicle with the VIN shown above, fails to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 126 Electronic Stability Control Systems and FMVSS No. 135 Light Vehicle Brake Systems.

We apologize for this situation and want to assure you that, with your assistance, we will correct this condition. Our commitment, together with your dealer, is to provide you with the highest level of service and support.

What is the issue?

During a recent service visit, your vehicle may have been programmed with Anti-Lock Brake System software that inadvertently results in the following:

- The Brake System, Anti-Lock Braking System, and Stability Control warning lamps will not illuminate if a fault occurs.
- Certain Electronic Stability Control and Traction Control functions are disabled and the stability control light will not illuminate during activation.
- The Brake System warning lamp will not illuminate when the Electric Parking Brake is applied.

Any of the above conditions can increase the risk of a crash. In addition, the following may also occur:

- The Electric Parking Brake automatic release-drive away release functions are disabled.

What will Ford and your dealer do?

Ford Motor Company has authorized your dealer to inspect and, if needed, reprogram your Anti-Lock Brake System module free of charge (parts and labor).

How long will it take?

The time needed for this repair is less than one-half day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time.

What should you do? Please call your dealer without delay and request a service date for Recall 16C14. Provide the dealer with your VIN, which is printed near your name at the beginning of this letter.

If you do not already have a servicing dealer, you can access www.Fordowner.com for dealer addresses, maps, and driving instructions.

Ford Motor Company wants you to have this recall completed on your vehicle. The vehicle owner is responsible for making arrangements to have the work completed. Ford Motor Company can deny coverage for any vehicle damage that may result from the failure to have this recall performed on a timely basis. Therefore, please have this recall performed as soon as possible.

Please note: Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

Your vehicle may be equipped with a diagnostic feature called the Vehicle Health Report which can inform you about all available recalls, as well as other key vehicle health information. Please see <https://owner.ford.com/vehicle-health> for more information.

What if you no longer own this vehicle? If you no longer own this vehicle, and have an address for the current owner, please forward this letter to the new owner.

You received this notice because government regulations require that notification be sent to the last known owner of record. Our records are based primarily on state registration and title data, which indicate that you are the current owner.

Can we assist you further?

If you have difficulties getting your vehicle repaired promptly and without charge, please contact your dealership's Service Manager for assistance.

RETAIL OWNERS: If you have questions or concerns, please contact our **Ford Customer Relationship Center at 1-866-436-7332** and one of our representatives will be happy to assist you. If you wish to contact us through the Internet, our address is: www.Fordowner.com.
