Passenger Airbag Door

Dear [Name],

This notification is being sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA has decided that a defect, which relates to motor vehicle safety, exists in certain [Model Year Make Model] vehicles.

WHY DOES MY VEHICLE NEED REPAIRS?

The Passenger Airbag (PAB) door on your vehicle ^[1] may detach from the instrument panel during airbag deployment. A detached PAB door during airbag deployment could increase the risk of injury to the vehicle occupants.

HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

FCA will repair your vehicle ^[2] free of charge (parts and labor). To do this, your dealer will replace the passenger side instrument panel pad on all involved vehicles. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit. Your time is important to us; please be aware that these steps may require more time. The estimated repair time is 2 hours. We recommend that you schedule a service appointment to minimize your inconvenience. Please bring this letter with you to your dealership.
