IMPORTANT SAFETY RECALL

Windshield Washer Pump

Dear [Name],

This notification is being sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Please disregard the initial December 2016 owner letter mailing which incorrectly stated “vehicles equipped with a 3.6L engine.”

FCA has decided that a defect, which relates to motor vehicle safety, exists in certain [2016 Dodge Dart] vehicles equipped with any engine.

WHY DOES MY VEHICLE NEED REPAIRS?

The front windshield washer pump on your vehicle ^[1] may produce a “voltage spike” in the front windshield wiper electrical circuit when the front windshield washer pump is activated. This “voltage spike” could overload the Body Control Module (BCM) front windshield wiper electrical circuit and cause a loss of front windshield wiper function. A loss of front windshield wiper function, under certain driving conditions, could impair the driver’s vision and cause a crash without warning.

HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE

FCA will repair your vehicle ^[2] free of charge (parts and labor). To do this, your dealer will replace the front windshield washer pump on all involved vehicles. If the front windshield wiper electrical circuit in the BCM is inoperative, the BCM will also be replaced. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit. Your time is important to us; please be aware that these steps may require more time. The estimated repair time is **one** hour. We recommend that you schedule a service appointment to minimize your inconvenience. Please bring this letter with you to your dealership.

WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit www.fcarecallreimbursement.com to submit your reimbursement request online. ^[3] Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
