

IMPORTANT SAFETY RECALL INFORMATION

December 20, 2016

This Notice Applies To Your Vehicle, Vehicle Identification Number: 

Dear Maserati Customer:

This notification is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Maserati S.p.A. and MNA have decided that a defect that relates to motor vehicle safety exists in model year 2017 Maserati Quattroporte and Ghibli vehicles (and one (1) model year 2016 Ghibli vehicle) equipped with Pirelli PZERO All Season 275/40R19 101W tires.

Maserati S.p.A. and MNA have determined that the above described vehicles may have been manufactured with tires that were constructed with an incorrect tire carcass component. A tire which has been constructed with an incorrect tire carcass component may experience cracking in the lower sidewall as the tire reaches the end of its tread life. If the cracking remains undetected, it could ultimately lead to an air loss and potential loss of control of the vehicle, increasing the risk of a crash.

The proposed remedy is replacement of the affected tires, and will be performed free of charge. Since your vehicle is among those that may be affected by the above condition, we ask you to contact any Authorized Maserati Dealer in order to arrange for this recall action to be performed to your automobile. Please plan, however, to leave your vehicle with the dealership to allow the dealer some flexibility for scheduling your repairs. By the time you receive this recall notification letter, the Authorized Maserati Dealers will have been supplied with the necessary instructions and components to perform the recall.
