# IMPORTANT SAFETY RECALL

## Fuel Tank Control Valve

Dear [Name],

This notification is being sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA has decided that a defect, which relates to motor vehicle safety, exists in certain [2017 Model Year Jeep Wrangler] vehicles.

#### WHY DOES MY VEHICLE NEED REPAIRS?

The fuel tank control valve on your vehicle <sup>[1]</sup> may have been improperly manufactured. An inoperative fuel tank control valve may result in a fuel leak during a vehicle rollover event, debris in the fuel tank, and/or the ability to overfill the fuel tank during refueling. A fuel leak during a vehicle rollover event, in the presence of an ignition source, could cause a fire without warning.

#### HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE

FCA will repair your vehicle <sup>[2]</sup> free of charge (parts and labor). To do this, your dealer will inspect the fuel tank control valve. Vehicles found with an improperly manufactured fuel tank control valve will have the fuel tank assembly and fuel level sending unit replaced. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit. Your time is important to us; please be aware that these steps may require more time. The estimated repair time is 2 hours. We recommend that you schedule a service appointment to minimize your inconvenience. Please bring this letter with you to your dealership.

OR YOUR CHRYSLER, DODGE, JEEP OR RAM DEALER TODAY**

#### CALIFORNIA RESIDENTS

The State of California requires the completion of emission recall repairs prior to vehicle registration renewal. Your dealer will provide you with a Vehicle Emission Recall Proof of Correction Form after the recall service is performed. Be sure to save this form since the California Department of Motor Vehicles may require that you supply it as proof that the recall has been performed.

#### WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit [www.fcarecallreimbursement.com](http://www.fcarecallreimbursement.com) to submit your reimbursement request online. <sup>[3]</sup> Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
