Subject: **Takata Drivers Front Air Bag Module - Recall Campaign 16V-071**

We are still working to determine when parts will be available to fix the impacted vehicles.

In the meantime, we have updated the Q&A document from last week. Please review the attached document which should address some of your immediate questions concerning the recall.

2nd attachment is the [Service Information Bulletin B650416](#) for technical Q&A.
