Safety Recall: Piston Pin Snap Ring

AFFECTED VEHICLES

Year	Model	Trim	VIN Range
2016	Civic	ALL	Check the iN VIN status for eligibility

BACKGROUND

A small number of engines were produced with piston pin snap rings that may not be completely seated. If the snap ring is not completely seated it will come out allowing the piston pin to contact the cylinder wall which can damage the engine.

This bulletin will be revised once inspection, repair information, warranty claim information, part information and stock are available.

CUSTOMER INFORMATION: The information in this bulletin is intended for use only by skilled technicians who have the proper tools, equipment, and training to correctly and safely maintain your vehicle. These procedures should not be attempted by "do-it-yourselfers," and you should not assume this bulletin applies to your vehicle, or that your vehicle has the condition described. To determine whether this information applies, contact an authorized Honda automobile dealer.
