

Date of Publication: September 2016

LABELS ARE ENCLOSED WITH THE NOTIFICATION LETTER

ACTION REQUIRED

Replace labels incorrectly stating unit has 2 axles - Units only have 1 axle

MODELS

2017 AR-ONE Maxx LE 198BHLE H2AC5051-5053, 5057, 5063, 5065, 5070, 5072,5073

Shop Supplies

Isopropyl Alcohol and shop rag

CHANGING THE FEDERAL CERTIFICATION, AND TIRE LABELS

Remove existing label(s)

1. Locate the label(s) on the outside off door side (road side) front of the unit. Remove the existing Federal Certification and tire label from the unit and discard them.
2. Using isopropyl alcohol and a shop rag, remove any adhesive residue from the surface where the original label had been. Allow the area to dry for at least 30 seconds.

Apply new label(s)

3. Remove the protective back from the new Federal Certification label. Align the new label in the same location of the original label and apply it to the surface. Remove any air bubbles from the label. Repeat this process for the tire label.

NOTE: Do not attempt to remove or adjust the label once it has come into contact with the surface. Doing so may damage the label or cause it not to adhere properly to the surface. IF A LABEL IS DAMAGED OR WILL NOT PROPERLY ADHERE TO THE SURFACE, A NEW LABEL MUST BE ORDERED.
