RE: 2004-2007 Accord
NHTSA Recall 16V-178

IMPORTANT

- **Your vehicle is included in a safety recall and should have the recall service done as soon as possible.**
- **Any authorized Honda dealer will perform the recall service at no charge to you.**

Dear JOHN Q SAMPLE:

What is the reason for this notice?

Our records indicate that a SAFETY RECALL has not been completed on this vehicle; refer to the address card for the affected VIN. Certain 2004–07 model year Accord vehicles fail to conform to the requirements of Federal Motor Vehicle Safety Standard No. 208; Occupant Crash Protection. An incorrect passenger frontal airbag module may have been installed in your vehicle. The incorrect airbag module does not comply with airbag requirements that came into effect for the 2003 model year and may increase the risk of injury in the event of a crash.

What will Honda do?

Call any authorized Honda dealer and make an appointment to have your vehicle's passenger frontal airbag module inspected and, if necessary, replaced **at no cost to you**.

If your vehicle is currently under recall for the Takata passenger inflator, this repair will satisfy that recall as well.
