October 2016

Dear Valued Holiday Rambler Customer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

REV Recreation Group, Inc. (REV) has decided that a safety defect which relates to motor vehicle safety exists in certain model year 2016-2017 Holiday Rambler brand Endeavor and Endeavor XE, Class A motor homes.

WHAT IS THE PROBLEM?

On motor homes affected by this recall, a diagonally-oriented section of tube steel in the wheel-well skirt framing has the potential to contact the front passenger-side tire, or force the front passenger-side mud flap into contact with the tire.

Contact of the mud flap or the tube steel with the front passenger side tire may result in excessive tire wear or restricted steering and loss of handling, posing the risk of a tire blowout and/or a crash.

WHAT SHOULD YOU DO?

Please make certain your motor home is immediately inspected and repaired by contacting an authorized REV Recreation Group, Inc. dealer.
