NHTSA Recall 16V-932

This notice applies to your vehicle:

IMPORTANT

- **Your vehicle is included in a safety recall and you should have the recall service done as soon as possible.**
- **Any authorized Honda dealer will perform the recall service for free.**

Dear

What is the reason for this notice?

Our records indicate that a SAFETY RECALL has not been completed on this vehicle; refer to the address card for the affected VIN. Your 2016 model year Odyssey vehicle fails to conform to the requirements of Federal Motor Vehicle Safety Standard No. 207; Seating systems. The horizontal position adjustment bar that controls the slide function for the second row center seat may stay in the unlocked position and allow the seat to slide forward or rearward without warning. An unlocked second row center seat may increase the risk of injury to the seat occupant in the event of a crash.

What will Honda do?

Call any authorized Honda dealer to inspect the slide function for the second row center seat, and repair or replace the horizontal position adjustment bar, as necessary, **for FREE.**
