Dear Audi Customer,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Audi, based on information received from Takata, has decided that a defect, which relates to motor vehicle safety, exists in certain 2010-2014 model year Audi A5 Cabriolet vehicles, and in certain 2009-2013 model year Audi Q5 vehicles equipped with a Takata SDI driver frontal airbag.

Takata has reported that the driver frontal airbag inflator could potentially rupture if the vehicle is involved in a crash where the frontal airbags are designed to deploy. In the event of an inflator rupture, metal fragments could pass through the airbag cushion material, which may result in serious injury or death to vehicle occupants.

While there are no known incidents of any ruptured SDI airbag inflators in any Audi vehicle worldwide, we are planning to conduct this recall as a precautionary measure.

Our records show that you are the owner of a vehicle affected by this action.

Please note that at the present time we do not have replacement parts available. Audi will notify you by another letter as soon as we can perform this recall on your vehicle.

To check your vehicle's eligibility for repair under this or any other recall/service campaign, please visit the **Recall/Service Campaign Lookup** tool at www.audiusa.com and enter your Vehicle Identification Number (VIN).

If you are the lessor and registered owner of the vehicle identified in this action, the law requires you to forward this letter immediately via first-class mail to the lessee within ten (10) days of receipt. If you have changed your address or sold the vehicle, please fill out the enclosed prepaid Owner Reply card and mail it to us so we can update our records.
