Safety Recall Notice 16S40 / NHTSA Recall 16V-779
Aviso de Revisión de Seguridad 16S40

2016 Mustang
 Your Vehicle Identification Number (VIN):

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Ford Motor Company has decided that a defect which relates to motor vehicle safety exists in your vehicle, with the VIN shown above.

We apologize for this situation and want to assure you that, with your assistance, we will correct this condition. Our commitment, together with your dealer, is to provide you with the highest level of service and support.

What is the issue? On your vehicle, the engine oil cooler tube assembly may leak engine oil. Sudden loss of engine oil may result in engine failure and, in the presence of an ignition source, can lead to a fire.

What will Ford and your dealer do? Ford Motor Company is working closely with its suppliers to produce parts for this repair. Parts are expected to become available in the 1st Quarter 2017 for Safety Recall 16S40. When a repair is available, Ford Motor Company will notify you via mail to schedule a service appointment with your dealer to have the engine oil cooler tube assembly replaced free of charge (parts and labor). Coverage is automatically transferred to subsequent owners.

What should you do? When parts are available, Ford Motor Company will send a letter to inform you to contact your dealer to schedule a repair. Please wait to contact your dealer, unless you are currently experiencing a concern with your vehicle.
Please note: Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

What should you do? (Continued) Your vehicle may be equipped with a diagnostic feature called the Vehicle Health Report which can inform you about all available recalls, as well as other key vehicle health information. Please see <https://owner.ford.com/vehicle-health> for more information.

Thank you for your attention to this important matter.
