Reference

Subject: **Parts Matrix**

To: All BMW Parts and Service Managers

Re: Parts Matrix

Dear Parts and Service Managers,

Attached is the weekly Parts Matrix which includes the Highest Priority parts situation along with the ordering process. **As a reminder, the Parts Matrix is updated weekly. It is important to monitor our daily DCS messages as things may change during the week.**

Changes to this week's Parts Matrix are as follows:

1. None

Air Bag Ordering: **Please review the Vehicle Comments under each VIN before submitting an IDS ticket.**

- As a reminder some air bags are being shipped to you for your used car inventory. Please check the VIN's listed in the PO with your Pre-Owned Sales Team. Please ensure that the Pre-Owned Inventory System (POIS) accurately reflects your current inventory.

1. **Driver Air Bag 15V-318 (SIB 65 11 15):**

- a. Parts are in Fair Share Allocation (FSA). Please remember to check the weekly allotment to help schedule your appointments. The quantities might change from week to week.
- b. Please review the DCS message for requesting a pallet order.

2. **Driver Air Bag 16V-071:**

- a. **Please check the Vehicle Comments and if they indicate "Remedy is available" then order as needed via IDS ticket.**
- b. Our parts distribution strategy follows the NHSTA requirements to prioritize parts for vehicles in the High Absolute Humidity (HAH) states and for oldest model years first. Additional letters will be mailed this week to customers, matching the parts availability.
- c. The new part numbers listed on EPC for accident cars and regular service repairs are active for ordering. These parts are open for normal ordering, please do not send an IDS ticket for an accident car.
- d. The Interim parts on your shelf listed in the current SIB's were the older parts from EPC.

3. **Passenger Air Bag 16V-364:**

- a. Final remedy parts are expected to start arriving in the third quarter of 2017. The final letters will be mailed according to the prioritization plan from NHTSA. The matrix will be updated at that time.

Recall parts are non-returnable.

**Please continue to monitor our DCS messages and the weekly Matrix (attached) for parts ordering updates.**

Thank you,  
Parts Logistics
