Subject: **Parts Matrix**

To: All BMW Parts and Service Managers

Re: Parts Matrix

Dear Parts and Service Managers,

Attached is the weekly Parts Matrix which includes the Highest Priority parts situation along with the ordering process. **As a reminder, the Parts Matrix is updated weekly. It is important to monitor our daily DCS messages as things may change during the week.**

Changes to this week's Parts Matrix are as follows:

1. M Sub-Frame Bolts 16V-653 (SIB 33 05 16) - 196 vehicles:

- Only six parts are required, the other parts are only if needed – please read the SIB. These parts are open for normal ordering.

Air Bag Ordering: **Please review the Vehicle Comments under each VIN before submitting an IDS ticket.**

1. Driver Air Bag 15V-318 (SIB 65 11 15):

- Parts are in Fair Share Allocation (FSA). Please remember to check the weekly allotment to help schedule your appointments. The quantities might change from week to week.
- Note: We continue to see orders for the full allotment on a VOR and even some on Late Day VOR. As a reminder – your weekly allotment is reserved specifically for you. You can avoid the VOR charge if Stock orders are placed.

2. Driver Air Bag 16V-071:

- As you know things have changed. Please read and share the new process outlined in SIB 08 03 16.
- **The new process is to check the Vehicle Comments and if they indicate “Remedy is available” then order as needed via IDS ticket.**
- **This Recall affects over 800,000 vehicles. Parts are in LIMITED supply at the moment.**
- **Our parts distribution strategy follows the NHSTA requirements to prioritize parts for vehicles in the High Absolute Humidity (HAH) states and for oldest model years first. Letters will be mailed to customers, matching the parts availability.**
- **The new part numbers listed on EPC for accident cars and regular service repairs are active for ordering.**
- **The Interim parts on your shelf listed in the current SIB's were the older parts from EPC.**
- **All 16V-071 SIB's are being updated with the new part numbers and will be published shortly.**

3. Passenger Air Bag 16V-364 (SIB 65 19 16):

- 72 12 9 141 529 is the same part number listed on EPC – the nuts are also required.
- **The new process is to check the Vehicle Comments and if they indicate “Remedy is available” then order as needed via IDS ticket.**

Recall parts are non-returnable.

Please continue to monitor our DCS messages and the weekly Matrix (attached) for parts ordering updates.

Thank you,
Parts Logistics
