Important

Subject: Long-Term Vehicle Storage Recommendations

Message Recipients: General Managers, Sales Managers, Service and Parts Managers, Service Managers, Shop Foremen, Service Technicians

Message Text:

The attached Service Information (B00 04 16) has been developed to assist you with helpful recommended procedures for storing BMW vehicles up to approximately one year. This applies to new as well as older vehicles that have previously been in use. You can implement these procedures for the additional vehicles affected by the Takata-related air bag Recalls. BMW is committed to helping you manage this Recall campaign in the least disruptive fashion.

Sincerely, Eugene Aton, Technical Service
