Process to receive parts for Takata Affected dealer vehicles - 16V-071 (Driver's Side Airbag) **ONLY**

In order to ensure the seamless and timely receipt of replacement parts for Takata Affected vehicles, please make sure you 100% comply with the existing process:

- Vehicle **must** be entered into the Pre-Owned Inventory System (POIS).
 - POIS is the trigger for BMW to push out a replacement part. If the Affected vehicle is not in POIS = NO PART will be sent!
- It can take up to two weeks from date of POIS enrollment to date of part receipt - Please do not request parts for stock/dealer vehicles.
- Please keep your POIS inventory current.
 - Any enrollment issues, reach out to cpo.enrollments@bmwna.com with any questions or concerns
 - If you receive a part for a VIN you do not have in inventory, please contact bmwcpo@bmwna.com

Thank you for your cooperation with this process.
