Re: Takata Inflator Shipments – Second Allocation

Dear Parts and Service Managers,

We are pleased to announce our second allocation of inflators, these parts are being shipped to you with the VIN as the PO number. This current allocation is being made to support you with repairing those customer vehicles where the customer is currently in a rental or loaner vehicle.

In order to facilitate replacements as soon as possible, as soon as you have the parts on hand please contact the customers to schedule an appointment. Our expectation is that these customers receive a replacement airbag within five business days. As the facing dealer, we feel that you are in the best position to handle this in the most efficient manner.

Thank you,
Parts Logistics
