SIB 41 01 16

Another push of parts will be placed tomorrow. Each dealer will receive enough stock to repair twenty vehicles. These parts should arrive at your dealer early next week.

The parts ordering procedure will be announced via DCS message once customer letters are mailed in July.

As a reminder to our previous DCS messages, **“Please do not send in email requests for these parts”**, all email requests will be deleted.

Thank you,  
Parts Logistics
