Recall notice issued to:  
**[First Name] [Last Name]**  
Vehicle information:  
**VIN [VIN]**  
**[Vehicle Description]**  
Recall information:  
**S61/NHTSA 16V-668 Occupant Restraint Controller (ORC)**

*If you no longer own this vehicle, please help us contact the new owner so he or she can have their vehicle repaired as soon as possible.*

## Repair Details

The Occupant Restraint Controller (ORC) on your vehicle may experience a loss of airbag and seat belt pretensioner deployment capability during a crash. This could occur due to a shorting condition resulting in a negative voltage transient that travels to the Occupant Restraint Controller via the front impact sensor wires. **The loss of airbag and seat belt pretensioner deployment capability during a crash may increase the risk of injury or death.**

## How do I schedule my FREE repair?

**FCA US will repair your vehicle FREE of charge.** To do this, your dealer will replace the ORC. In addition, your dealer will require your vehicle for proper check-in, preparation and check-out during your visit. Your time is important to us; please be aware that these steps may require more time. The work will take about 2 hours to complete. However, additional time may be necessary depending on service schedules.

### Scheduling Options

1. **Contact your Chrysler, Jeep, Dodge or RAM dealer directly to schedule an appointment.**  
Mention Safety Recall S61, and have your VIN ready when calling

**If you have already had this repair completed, no action is necessary.** We sincerely apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
