Re: Parts Matrix

Dear Parts and Service Managers,

Attached is the weekly Parts Matrix which includes the Highest Priority parts situation along with the ordering process. As a reminder, the Parts Matrix is updated weekly. It is important to monitor our daily DCS messages as things may change during the week.

F15 (X5) Rear Side Window Service Action – SIB 51 48 16 (54 vehicles) has been updated on TIS – IDS ordering, because of the limited vehicles involved

F01, F02 (7 Series) Rear Driveshaft Service Action – SIB 26 05 16 (930 vehicles) has been updated on TIS – over 100% of the needed parts in stock- open for normal ordering

F15 (X5), F16 (X6), F25 (X3), F26 (X4), F36 (4 Series Gran Coupe) Electronic Power Steering Recall SIB 32 12 16 (103 vehicles) has been updated on TIS – IDS ordering, because of the limited vehicles involved

As a reminder, regarding Thermostat Part Number 11 53 8 635 689, this part number remains on a daily maximum ordering quantity of 10 per day. We recommend ordering up to 10 per day only if you need them. Any orders placed over 10 pcs per day will be cancelled. During the daily manual allocation process, the part will be blocked from normal ordering at the following estimated times depending on volume: 10:00 am to 12:00 pm EST and again at 4:00 pm to 5:00 pm EST.

Our high completion rates for these two SIB's has left part number 11 53 8 657 054 in short supply. We have shipped over 100% of the needed thermostats to complete both SIB's and still have over 1,300 out in Dealer inventory. SIB's 11 10 15 (93% completed) and 11 11 15 (87% completed). These parts should not be sold or used for any other repair. We have Dealers trying to order over 20 per day. Please only ordered for scheduled appointments and a maximum of 5 per day.

Changes to this week's Parts Matrix are as follows:

None

Air Bag Ordering:

We will no longer be pushing weekly orders for your vehicles in POIS. If you have a vehicle waiting to be delivered to a customer and recall 16V-071 shows as open, you may enter an IDS ticket order for review. Please include the customer's name in the ticket for audit purposes. Do not enter an IDS ticket for every car you have in POIS. This is only for vehicles where a customer sale is pending. It's important that the Pre-Owned Inventory System (POIS) accurately reflects your current inventory.

1. **Driver Air Bag 15V-318 (SIB 65 11 15):**
 - a. Parts are in Fair Share Allocation (FSA). Please remember to check the weekly allotment to help schedule your appointments. The quantities might change from week to week.
2. **Driver Air Bag 16V-071:**

- a. **Please check the Vehicle Comments and if they indicate “Remedy is available” then order as needed via IDS ticket.**
- b. Our parts distribution strategy follows the NHSTA requirements to prioritize parts for vehicles in the High Absolute Humidity (HAH) states and for oldest model years first. Additional letters will be mailed this week to customers, matching the parts availability.
- c. The new part numbers listed on EPC for accident cars and regular service repairs are active for ordering. These parts are open for normal ordering, please do not send an IDS ticket for an accident car.
- d. The Interim parts on your shelf listed in the SIB's were the older parts from EPC.

<u>Vehicles</u>	<u>Interim</u>	<u>Updated SIB</u>
