Subject: **Parts Matrix**

To: All BMW Parts and Service Managers

Re: Parts Matrix

Dear Parts and Service Managers,

Attached is the weekly Parts Matrix which includes the Highest Priority parts situation along with the ordering process. **As a reminder, the Parts Matrix is updated weekly. It is important to monitor our daily DCS messages as things may change during the week.**

Changes to this week's Parts Matrix are as follows:

1. Fuel Pump has been added – currently there is no stock for this recall

Air Bag Ordering: **Please review the Vehicle Comments under each VIN before submitting an IDS ticket.**

As a reminder some air bags are being shipped to you for your used car inventory. Please check the VIN's listed in the PO with your Pre-Owned Sales Team.

1. Driver Air Bag 15V-318 (SIB 65 11 15):

- Parts are in Fair Share Allocation (FSA). Please remember to check the weekly allotment to help schedule your appointments. The quantities might change from week to week.
- As a reminder – your weekly allotment is reserved specifically for you. You can avoid the VOR charge if Stock orders are placed.

2. Driver Air Bag 16V-071:

- As you know things have changed. Please read and share the new process outlined in SIB 08 03 16.
- **The new process is to check the Vehicle Comments and if they indicate “Remedy is available” then order as needed via IDS ticket.**
- **This Recall affects over 800,000 vehicles. Parts are in LIMITED supply at the moment.**
- **Our parts distribution strategy follows the NHSTA requirements to prioritize parts for vehicles in the High Absolute Humidity (HAH) states and for oldest model years first. Additional letters will be mailed this week to customers, matching the parts availability.**
- **The new part numbers listed on EPC for accident cars and regular service repairs are active for ordering.** These parts are open for normal ordering, please do not send an IDS ticket for an accident car.
- **The Interim parts on your shelf listed in the current SIB's were the older parts from EPC.**
- **All 16V-071 SIB's are being updated with the new part numbers and will be published shortly.**

3. Passenger Air Bag 16V-364 (SIB 65 19 16):

- 72 12 9 141 529 is the same part number listed on EPC – the nuts are also required.
- **The new process is to check the Vehicle Comments and if they indicate “Remedy is available” then order as needed via IDS ticket.**
- Please ensure that the Pre-Owned Inventory System (POIS) accurately reflects your current

inventory.

4. Driver Air Bag 16V-683:

All customers will be contacted via phone over the next few weeks by our Customer Relations Department and Dealer Product Services (DPS). The calls will be based on parts availability. Calls are being made to inform customers that their vehicle is affected by this recall and to assist the customer with making an appointment for the repair. In addition to the call campaign, we will mail customer letters this week.

Recall parts are non-returnable.

Please continue to monitor our DCS messages and the weekly Matrix (attached) for parts ordering updates.

Thank you,
Parts Logistics
