IMPORTANT SAFETY RECALL REMINDER

THIRD REMINDER - ACTION REQUIRED

1 WHY HAVE YOU RECEIVED THIS NOTICE?

In January 2017, owners of select 2012-2017 DL650A/XA models were notified that Suzuki was conducting an important safety recall campaign to replace the stator assembly which may have insufficient heat resistance due to the assembly process. This can lead to a short circuit of the stator wires.

2 WHAT SHOULD YOU DO?

- Schedule your **FREE** repair as soon as possible.
- Contact your nearest Suzuki Dealer to schedule an appointment.
- Provide the Vehicle Identification Number (VIN) from the front of this card.

OPERATING YOUR MOTORCYCLE WITHOUT HAVING THIS RECALL PERFORMED CAN CAUSE THE ENGINE TO STOP RUNNING AND BE UNABLE TO RESTART, INCREASING THE RISK OF A CRASH.

Thank you for being a Suzuki customer and for your commitment to safety.
