Dear Ms. Allen:

This letter serves to acknowledge Tesla Motors, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

TESLA/MODEL S/2012

**Mfr's Report Date:** January 10, 2017

**NHTSA Campaign Number:** 17V-023

**Components:**

AIR BAGS:PASSENGER SIDE FRONTAL

**Potential Number of Units Affected:** 2,997

**Problem Description:**

Tesla Motors, Inc. (Tesla) is recalling certain 2012 Model S vehicles. These vehicles are equipped with certain air bag inflators assembled as part of the passenger frontal air bag modules used as original equipment or replacement equipment. In the event of a crash necessitating deployment of the frontal air bags, these inflators may rupture due to propellant degradation occurring after long-term exposure to absolute humidity and temperature cycling.

**Consequence:**

An inflator rupture may result in metal fragments striking the vehicle occupants resulting in serious injury or death.

**Remedy:**

Tesla will notify owners, and dealers will replace the front passenger air bag, free of charge. The recall is expected to begin in January 2017. Owners may contact Tesla customer service at 1-877-798-3752.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).
