Components:

EQUIPMENT:RECREATIONAL VEHICLE

Potential Number of Units Affected: 50

Problem Description:

Forest River, Inc. (Forest River) is recalling certain 2017 Rockwood and Flagstaff recreational trailers. The slide room mounting bracket on these vehicles may contact the driver side front tire, potentially damaging it and causing tire deflation.

Tire deflation can increase the risk of a crash.

Remedy:

Forest River will notify owners, and dealers will install a rearward offset mounting bracket head to keep the slide room bracket from touching the tire, free of charge. The recall is expected to begin April 27, 2017. Owners may contact Forest River customer service at 1-574-642-2640. Forest River's number for this recall is 10-02152017-0328.

Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
