Dear Mr. Fisher:

This letter serves to acknowledge Forest River, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Mfr's Report Date: March 6, 2017

NHTSA Campaign Number: 17V-141

Components:
EQUIPMENT:OTHER:LABELS

Potential Number of Units Affected: 11

Problem Description:

Forest River Inc. (Forest River) is recalling certain 2017 Prime Time Manufacturing Crusader recreational trailers, model CSF338RSK. The Federal placard indicates that the trailers have axles that have a capacity of 7,000 lbs when their actual capacity is 6,000 lbs. As such, these vehicles fail to comply with the requirements of 49 CFR Part 567, "Certification."

Consequence:

Incorrect axle information on the placard can result in the trailer being overloaded, causing a loss of control and increasing the risk of a crash.

Remedy:

Forest River will notify owners and dealers will replace the Federal placard with a corrected placard, free of charge. The recall is expected to begin May 2, 2017. Owners may contact Forest River Customer Service at 1-574-862-1025. Forest River's number for the recall is 49-02242017-0331.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Forest River's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at kelly.schuler@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.
