Mfr's Report Date: April 6, 2017

NHTSA Campaign Number: 17V-234

Components:

FUEL SYSTEM, OTHER

Potential Number of Units Affected: 43

Problem Description:

Corp. Micro Bird Inc. (Micro Bird) is recalling certain 2016-2017 G5 school buses, equipped with certain Generation 4 Propane Conversion Kits. The fuel control valve solenoid may short circuit, shutting off the flow of propane to the engine, causing the engine to shut off.

Owners may contact Micro Bird customer service 1-819-477-2012, or Roush CleanTech at 1-800-597-6874. Micro Bird's number for this recall is 17-069-CUS.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Micro Bird's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

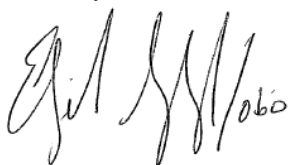

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).
