Subject: Loss of Electric Power Steering Assist

Dear Mr. Latouf:

This letter serves to acknowledge General Motors LLC's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

CHEVROLET/CAPRICE POLICE PURSUIT/2014-2016

Mfr's Report Date: April 20, 2017

NHTSA Campaign Number: 17V-265

Components:

STEERING:ELECTRIC POWER ASSIST SYSTEM

Potential Number of Units Affected: 545

Problem Description:

General Motors LLC (GM) is recalling certain 2014-2016 Chevrolet Caprice Police Pursuit vehicles (PPV), previously remedied under recall 16V-160. The connector between the electric power steering module and the torque sensor may fail, possibly resulting in a loss of electric power steering assist.

Consequence:

A greater steering effort would be needed to control the vehicle if power steering assist is lost, especially at lower speeds, increasing the risk of a crash.

Remedy:

GM will notify owners, and dealers will inspect the steering gear assembly, replacing it as necessary, free of charge. The manufacturer has not yet provided a notification schedule. Owners may contact Chevrolet customer service at 1-800-222-1020.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received GM's proposed owner notification letter and have approved it for distribution.

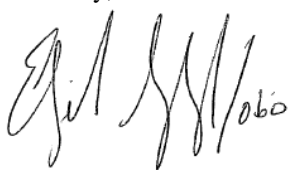

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Sarah Mcshane who may be reached by phone at 202-366-7401, or by email at sarah.mcshane@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

A handwritten signature in black ink, appearing to read 'J. Timian', with a date '1/21/06' written at the end of the signature.

Jennifer Timian
Chief, Recall Management Division
