Subject: Improperly Seated Bolt in Axle Hanger

Dear Mr. Fisher:

This letter serves to acknowledge Forest River, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

FOREST RIVER/XLR/2014

Mfr's Report Date: May 2, 2017

NHTSA Campaign Number: 17V-292

Components:

SUSPENSION:REAR:AXLE:NON-POWERED AXLE ASSEMBLY

Potential Number of Units Affected: 487

Problem Description:

Forest River, Inc. (Forest River) is recalling certain 2014 XLR Hyperlite toyhaulers. These vehicles have an axle equalizer knurled bolt (axle shackle locating bolt) that may not be properly seated in the chassis axle hanger.

Consequence:

If the equalizer knurled bolt is not installed properly, the bolt may not properly secure the axle, allowing it to shift and result in a loss of vehicle control, increasing the risk of a crash.

Remedy:

Forest River will notify owners, and dealers will replace any equalizer knurled bolts and nuts that were improperly installed, free of charge. The recall is expected to begin on June 28, 2017. Owners may contact Forest River customer service at 1-574-642-0431. Forest River's number for this recall is 45-03202017-0355.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Forest River's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

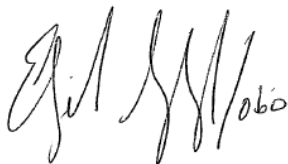

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs.
