Subject: Possible Transmission Hydraulic Fluid Leak

Dear Mr. Eaglesfield:

This letter serves to acknowledge Aston Martin The Americas' notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

ASTON MARTIN/V8 VANTAGE/2012

Mfr's Report Date: June 21, 2017

NHTSA Campaign Number: 17V-390

Components:

POWER TRAIN

Potential Number of Units Affected: 6

Problem Description:

Aston Martin The Americas (Aston Martin) is recalling certain 2012 V8 Vantage vehicles equipped with 6-speed Auto-Shift Manual (ASM) transmissions. A connector for the transmission fluid lines may break resulting in a hydraulic fluid leak.

Consequence:

The loss of hydraulic fluid may prevent the vehicle from shifting out of the gear that it is in. Additionally, if the vehicle is being driven when the fluid level significantly drops, the transmission may shift to an emergency neutral as the vehicle comes to a stop. If the driver ignores the dash warning message and exits the vehicle without applying the parking brake, the vehicle may roll away. Either condition increases the risk of a crash.

Remedy:

Aston Martin will notify owners, and dealers will replace the clutch pipe, connector assembly, and related brackets, free of charge. The recall is expected to begin July 7, 2017. Owners may contact Aston Martin customer service at 1-949-379-3100. Aston Martin's number for this recall is RA-07-0023.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

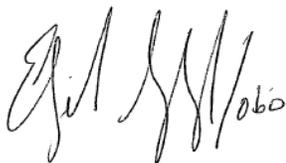

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Sarah Mcshane who may be reached by phone at 202-366-7401, or by email at sarah.mcshane@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jennifer Timian', with a date '10/26/10' written at the end of the signature.

Jennifer Timian
