Subject: Incorrect Information on Tire Labels/FMVSS 110

Dear Ms. Tobias:

This letter serves to acknowledge Jayco, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:
JAYCO/HUMMINGBIRD/2017

Mfr's Report Date: June 30, 2017

NHTSA Campaign Number: 17V-422

Components:
EQUIPMENT:OTHER:LABELS

Potential Number of Units Affected: 104

Problem Description:

Jayco, Inc. (Jayco) is recalling certain 2017 Hummingbird travel trailers, models H13C0567-0603, 0608-0636, 0638-0662, and H13E0052-0110. The labels on the affected vehicles incorrectly state that the vehicle is equipped with 14" load range D tires requiring 65 PSI, when the vehicle is actually equipped with 14" load range C tires requiring 50 PSI. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 110, "Tire Selection and Rims."

Consequence:

The incorrect information on the label may result in the tires being over inflated, which could lead to their failure, increasing the risk of a crash.

Remedy:

Jayco will notify owners, and will provide corrected labels, free of charge. The recall is expected to begin in July 2017. Owners may contact Jayco customer service at 1-800-283-8267. Jayco's number for this recall is 9901357.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

We have approved your supplied draft owner notification letter for distribution.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
