Please review the following information to ensure that it conforms to your records as this information is being made available to the public. **Makes/Models/Model Years:**

BMW/C EVOLUTION/2017  
BMW/C650 GT MAXI-SCOOTER/2017

**Mfr's Report Date:** July 21, 2017

**NHTSA Campaign Number:** 17V-467

**Components:**

WHEELS:RIM

**Potential Number of Units Affected:** 37

**Problem Description:**

BMW of North America, LLC (BMW) is recalling certain 2017 BMW C650 GT and BMW C Evolution scooters for failing to conform to Federal Motor Vehicle Safety Standard (FMVSS) number 120, "Wheels and rims-other than passenger cars." The front rims may not be marked with the required rim type and the DOT designation.

**Consequence:**

Since the rim is not marked with the rim size and the DOT designation, a tire of the incorrect size may be installed on this rim, affecting the handling of the scooter and increasing the risk of a crash.

**Remedy:**

BMW will notify owners, and dealers will replace any rims that are not correctly marked, free of charge. The recall is expected to begin September 15, 2017. Owners may contact BMW customer service at 1-800-525-7417.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
