Mfr's Report Date: August 3, 2017

NHTSA Campaign Number: 17V-488

Components:

ELECTRICAL SYSTEM: SOFTWARE
EXTERIOR LIGHTING: BRAKE LIGHTS

Potential Number of Units Affected: 911

Problem Description:

BMW of North America, LLC (BMW) is recalling certain 2014-2017 R1200RT Police motorcycles. While being used in a special operating mode, the brake lights on these motorcycles may not illuminate when the brakes are applied. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 108, "Lamps, Reflective Devices, and Associated Equipment."

Consequence:

If the brake light does not illuminate, other drivers may not know that the motorcycle is stopping, increasing the risk of a crash.

Remedy:

BMW will notify owners, and dealers will update the motorcycle's software, free of charge. The recall is expected to begin September 25, 2017. Owners may contact BMW customer service at 1-800-525-7417.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
