Subject: Propane Line may have Insufficient Clearance

Dear Mr. Fisher:

This letter serves to acknowledge Forest River, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

FOREST RIVER/RAINIER/2016-2018
FOREST RIVER/VIBE/2015-2018

Mfr's Report Date: September 15, 2017

NHTSA Campaign Number: 17V-573

Components:

EQUIPMENT:RECREATIONAL VEHICLE:LPG SYSTEMS

Potential Number of Units Affected: 1,725

Problem Description:

Forest River, Inc. (Forest River) is recalling certain 2015-2018 Vibe, and 2016-2018 Rainier recreational trailers. The liquid propane (LP) line may have insufficient clearance above the axle shackle.

Consequence:

Without adequate clearance, the LP line may be damaged, resulting in a propane leak, increasing the risk of a fire.

Remedy:

Forest River will notify owners, and dealers will replace the LP line with a longer one, routing it away from the axle hangers, free of charge. The recall is expected to begin November 10, 2017. Owners may contact Forest River customer service at 1-541-644-8063. Forest River's number for this recall is 64-0516.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Forest River's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at kelly.schuler@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
Chief, Recall Management Division
