Mfr's Report Date: September 25, 2017

NHTSA Campaign Number: 17V-599

Components:

SEAT BELTS:FRONT:ANCHORAGE
SEATS

Potential Number of Units Affected: 504

Problem Description:

Ford Motor Company (Ford) is recalling certain 2017 Ford F-150, F-250, F-350, F-450, and F-550 trucks with manually-adjusted front passenger seats. The seat belt anchor may not be adequately welded to the seat cushion frame. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 210, "Seat Belt Assembly Anchorages," and 207, "Seating Systems."

Consequence:

The seat belt buckle weld may fail, preventing the occupants from being properly restrained in the event of a crash, increasing the risk of injury.

Remedy:

Ford will notify owners, and dealers will replace the front passenger manual seat track, free of charge. The recall is expected to begin November 6, 2017. Owners may contact Ford customer service at 1-866-436-7332. Ford's number for this recall is 17C17.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
